Stages

Professional team gets in touch with you to discuss your Residential project, your time schedule and what the main requirements are prior to works.

We prepare detailed plans and documents for the works needed, to establish exact scope of project. Timeline is confirmed to suit you.

Team arrives on site with all the required tools and materials, protecting all surfaces and furniture, and preparing the space for painting or wallpapering.

Bringing properties back to high-quality standards, while transforming Residential spaces to its best condition, internally or externally.

We follow up to review everything and discuss how to maintain the surfaces, issuing a detailed digital copy of your finishes schedule reference.
